DETAILED ACTION

This action is responsive to the second after final amendment filed 12-06-2005, which has been entered. Claims 1, 4 and 11-12 are allowed.

Allowable Subject Matter

1. The following is an examiner's statement of reasons for allowance: the prior art fails to anticipate or render obvious the combination of a power transmission as set forth in claim 1, and most significantly, the drive links of the first and second series of links defining a backside surface opposite the two front side chain teeth, the backside surface comprising two backside drive flanks facing at least in part along the chain direction. one backside drive flank being disposed at a first end of the drive link along the chain direction and another backside drive flank being disposed at a second end of the drive link opposite the first end of the drive link along the chain direction, and the drive flanks at the first and second ends of the drive links spaced from each other by a distance that permits the drive flanks to contact driving surfaces of adjacent teeth of the backside drive sprocket:

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

2. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Marcus Charles whose telephone number is (571) 272-
